

TI to webcast capital management review

DALLAS, Jan. 27, 2021 /PRNewswire/ -- Texas Instruments Incorporated (TI) (Nasdaq: TXN) will webcast the company's capital management review on Thursday, February 4, at 10 a.m. Central time.

During the webcast, Rafael Lizardi, senior vice president and chief financial officer, and Dave Pahl, vice president and head of Investor Relations, will share TI's strategy to maximize long-term growth of free cash flow per share. They will also review TI's 2020 performance against its stated capital management metrics and discuss management's expectations for performance in the years ahead.

You may access the webcast on the Investor Relations section of the company's website at www.ti.com/ir. An archived copy of the webcast will be available shortly after the call concludes.

About Texas Instruments

Texas Instruments Incorporated (Nasdaq: TXN) is a global semiconductor company that designs, manufactures, tests and sells analog and embedded processing chips for markets such as industrial, automotive, personal electronics, communications equipment and enterprise systems. Our passion to create a better world by making electronics more affordable through semiconductors is alive today, as each generation of innovation builds upon the last to make our technology smaller, more efficient, more reliable and more affordable – making it possible for semiconductors to go into electronics everywhere. We think of this as Engineering Progress. It's what we do and have been doing for decades. Learn more at TI.com.
