

## TI to webcast capital management call

DALLAS, July 24, 2024 /PRNewswire/ -- Texas Instruments Incorporated (TI) (Nasdaq: TXN) will webcast an off-cycle capital management call on Tuesday, August 20, at 10 a.m. Central time.

During the webcast, Haviv Ilan, president and chief executive officer, will join Rafael Lizardi, senior vice president and chief financial officer, and Dave Pahl, vice president and head of Investor Relations, to provide more granularity on TI's capacity investments. The discussion will also include a framework of revenue and free cash flow per share scenarios.

You can access the webcast on the Investor Relations section of the company's website at [www.ti.com/ir](http://www.ti.com/ir). An archived copy of the webcast will be available shortly after the call concludes.

### About Texas Instruments

Texas Instruments Incorporated (Nasdaq: TXN) is a global semiconductor company that designs, manufactures, tests and sells analog and embedded processing chips for markets such as industrial, automotive, personal electronics, communications equipment and enterprise systems. At our core, we have a passion to create a better world by making electronics more affordable through semiconductors. This passion is alive today as each generation of innovation builds upon the last to make our technology more reliable, more affordable and lower power, making it possible for semiconductors to go into electronics everywhere. Learn more at [TI.com](http://TI.com).
