

Texas Instruments to host investor conference call on Analog manufacturing strategy

DALLAS, Nov 16, 2009 /PRNewswire-FirstCall via COMTEX News Network/ -- Texas Instruments Incorporated (TI) (NYSE: TXN) will host a conference call with financial analysts on Thursday, November 19, at 1:30 p.m. Central time to discuss the company's recently announced 300-millimeter Analog wafer-fabrication facility, as well as its manufacturing and technology strategy.

Kevin Ritchie, senior vice president and manager of the Technology & Manufacturing Group, and Dave Pahl, director of Investor Relations, will discuss the benefits of TI's:

- 300-millimeter Analog wafer fab, its scheduled opening and volume ramp,
- new assembly-and-test facility in the Philippines, and

- investments in analog process technologies and the impact they will have in differentiating TI Analog products.

You may access the webcast live on the Investor Relations section of the company's web site at www.ti.com/ir. An archived copy of the webcast will be available shortly after the call concludes.
